Dear Anita,

We were thrilled with the results of our estate sale, and you exceeded our expectations in every area:

- Results – The proceeds from the estate sale were double what we expected
- Ease – You handled all of the details from pricing to display to execution. We didn't even have to be available to you during the sale.
- Complete – Thanks to your sales efforts virtually everything sold. For what didn't, you arranged for either donation or disposal, including disposal of the trash associated with the final move.
- Ready for sale – After the sale, our house was ready for our closing.
- Sensitive – As you went through the items to prepare for the sale, you rescued anything that you thought we might want. We really appreciated the sensitivity to our memories that you showed.
- Professionalism – You gave us good advice, were always positive and professional, and handle the entire sale as if it were your own. We could not have asked for more.

I would recommend your service to anyone looking to downsize or liquidate an estate. Thank you for doing an outstanding job for us.
