Dear Kathy and Anita:

I've been home a couple of weeks now and am still catching up with things - so I can empathize with both of you always on the go and being away from home. I hope that recent sales and moves went smoothly and that you will grant yourselves some well-deserved rest!

I just wanted again to express my appreciation to both of you for all your help with my parents' move. I am enclosing a letter of reference that I hope you will find useful. You really are wonderful people and I am so thankful that I found you.

I trust you and yours are all happy and healthy,

With my very best wishes,

Mary Kay Ryan

To Whom it May Concern:

This is a letter of recommendation to anyone who may be considering engaging the services of Lifetime Estate Liquidations and its principals, Kathy and Anita.

My parents recently down-sized their home and in the process needed to sell some of their belongings and empty their house prior to its sale. It was an enormous task and, at times, I doubted that we would accomplish all that needed to be done considering the tight time constraints.

Fortunately, my parents retained Lifetime Estate Liquidations to organize and handle the sale of all items that remained in the house. From beginning to end, both Kathy and Anita proved themselves to be complete professionals. They are very knowledgeable about their business and resourceful in resolving problems efficiently and to everyone's satisfaction. In spite of the short notice we provided them, they ran the sale smoothly and finished by leaving the house empty, swept clean and ready for my parents to turn it over on closing day.

Kathy and Anita also showed compassion and understanding for the emotional aspects of my parents' move. They were a pleasure to work with and, should the need arise in the future, I would not hesitate to use their services again.
