Lifetime Estate Liquidations

Dear Anita,

Congratulations on a job well done and a huge thank you for all your hard work and dependability in the manner in which you handled the sale of my aunt's house in Decatur and the sale of the the furniture and household items. It has been a pleasure to work with you and the manner in which you kept us informed as to all details and the extra mile that you went to several times made a very difficult time in our life much more bearable. After talking to Bill Collier about realtors shortly after my aunt's funeral, he said that you were the only one that he would recommend. That advise has certainly proved to be very true. I have dealt with many realtors during my many years in the banking industry and quite frankly, there are several of them that I would be hesitant to trust to sell my house. Just the opposite has been true with you. Your level of professionalism and integrity could set a standard for the entire industry.

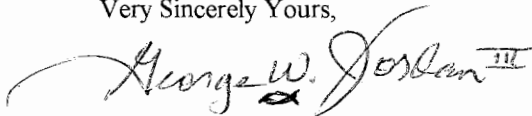

The past months since February, with the death of my father as well as the sickness of my aunt since February, many trips to the hospital in Atlanta and her subsequent death have made the last several months very stressful for our family. Our faith and friends that we can depend on, such as yourself, have made a difficult situation much more bearable. My aunt and uncle loved their house and yard very much and we are happy that you have found a couple that will continue to enjoy it as well. The yard is absolutely beautiful in the spring and I would love to see the expression on their faces as soon as they see the flowers in the yard in full bloom.

By being so trustworthy and dependable, you took a tremendous amount of stress off our family, so that we could handle the the other manners of settling both my Father's and Aunt's estates, without having to make numerous trips back to Atlanta to take care of all the details of selling her house. We will always be grateful to you for your help and will consider it an honor to recommend you to anyone that either has to liquidate the contents of a home, or sell a home.

I am enclosing a check to you as an extra "Thank you" to both you and your husband (you said that there were several times that he helped move items from the house) I hope that the two of you will have a nice dinner with this. We will continue to keep you and your family in our prayers and wish the best for your children as they are working hard on their education.

Again, Thank You for all your help, and the very best to you in your future.

Very Sincerely Yours,
