Dear Anita and Kathy,

I received your check today. I can not tell you how happy I am that you have been able to sell so many of the things I had to get rid of. You two, not only made it easy but you made it fun.

I was very impressed with your professionalism and organizational skills. The charity organization you arranged to pick up the left overs was very nice and did a great job of moving things.

I am especially pleased that you offer the service of selling the remaining china pieces on E-Bay. You truly offer complete liquidation services and at a very fair and competitvie price.

Thanks so much for everything, I will be sure to give your name to my friends and relatives.

Sincerely,

Kay Mark
